## IMPORTANT! READ THIS!!

- This Setup Access Pass (SAP) is **VALID ON OR AFTER** the date listed above and is only valid when presented with your physical ticket or credential.
- Misuse (i.e. giving SAPs to people not directly associated with your camp/project or duplication of a SAP) may lead to all SAPs for your group being canceled.
- **NO DRIVING** in BRC unless specifically permitted.
- Respect blue survey flags - avoid driving over them, keep them in the ground.
- **QUESTIONS?** Find a Ranger or reach out to the department that issued your SAP.

## THEME CAMPS

- Inform gate/greeters upon entry to BRC. **PLACEMENT** will show you to your site. DO not begin unloading containers or setting up until you have met your Placer to confirm your boundaries and location.
- You must camp with the theme camp that issued your SAP during Build Week and not in open camping.
- Not with a placed camp? **OPEN CAMPING** is between H & K streets, outside of blue survey flags only. **SET UP FOR YOURSELF ONLY.** Land-grabbing and holding large swaths of space for anyone not present or without their own SAP is an abuse of your own access and may impact your theme camp's standing.

SAMPLE — NOT A VALID PASS

This Setup Access Pass (SAP) is NOT A TICKET and on its own does not grant you access to Black Rock City before the event officially starts - it is only valid when used in conjunction with a ticket or credential. Anyone discovered to have copied SAPs or distributed them beyond their project or approved purpose is subject to having all of their group's SAPs cancelled.

### Instructions:

To use this SAP, print it out and present it along with your valid ticket or credential.
